Professional Summary

Highly motivated Computer Engineering B.Tech graduate with 2+ years of experience in full-stack development and AI integration. Proven ability to build and scale SaaS platforms using technologies like React, TypeScript, and MongoDB, demonstrated by the successful launch of CVInsight.

Technical Skills

Programming Languages: TypeScript, JavaScript (ES6+), Python, Java, C++, SQL, HTML, CSS
Frameworks & Libraries: React.js, Redux, Tailwind CSS, Material UI, Framer Motion, GSAP, Vite, Next.js
Developer Tools: Git/GitHub, Postman, VS Code, npm, yarn, jsPDF, Chart.js, Autocannon, Jest, Cypress
Databases: MongoDB Atlas, MySQL, PostgreSQL, Appwrite
Cloud & DevOps: Vercel, Render, AWS (Basic Understanding), Cloudinary, Docker

Experience

Innovation Cell, NIT Kurukshetra – Kurukshetra, Haryana — **2025 – Present**

Co-Head, Tech Team

- Spearheaded technical workshops on GitHub, version control, and collaborative project development, empowering 50+ students with essential skills for open-source contributions.
- Mentored junior developers in best practices for software engineering, fostering a culture of innovation and knowledge sharing within the team.
- Collaborated with cross-functional teams to identify and implement technology solutions that enhanced the Innovation Cell's outreach and impact.

Projects

CVInsight – AI Career Intelligence Platform — *TypeScript, React, Express, MongoDB, Appwrite, Cloudinary*

- Architected and deployed a SaaS platform providing AI-powered resume analysis, ATS scoring, and skill extraction, serving 2200+ users and generating Rs.10000+ revenue.
- Engineered a fallback-ready multi-AI infrastructure to ensure high availability and reliability of AI services, mitigating potential disruptions.
- Implemented robust security measures, including honeypots, rate limiting, and CAPTCHA, to successfully prevent a targeted bot attack and protect user data.
- Developed a full-stack admin dashboard with real-time revenue insights, user analytics, and granular control over platform features, enabling data-driven decision-making.

Campus Placement Portal – Full-Stack Recruitment System — *React, Express, MongoDB, Tailwind CSS, Vercel*

- Engineered and deployed a comprehensive placement portal for NIT Kurukshetra, facilitating recruitment for 1000+ students and 250+ companies.
- Developed a secure multi-role authentication system with custom dashboards and permissions for students, administrators, and recruiters, ensuring data privacy and access control.
- Implemented real-time analytics, PDF resume generation, and dynamic status pipelines to streamline the recruitment process and improve user experience.
- Accelerated development by completing 60% of core functionality within 5 days for an internal pilot deployment, enabling rapid iteration and feedback incorporation.

Education

National Institute of Technology (NIT), Kurukshetra — **2023-2027**

B.Tech, Computer Engineering in Computer Engineering — GPA: 9.3875

Gyan Jyoti Public School, Sirsa — **2023**

12th CBSE Board in Science Stream — GPA: 9.3875

RDM Saraswati School, Uklana Mandi — **2021**

10th CBSE Board in All Subjects — GPA: 9.3875
